### **Staff Anniversaries**

On July 9<sup>th</sup> it was both Virginia A. and Mia Y.'s 1-year anniversary here at Sheboygan Senior Community.  
A special thank you goes out to these two for all that they do here!

THE END OF ALZHEIMER'S  
STARTS WITH *you.*

Held annually in more than 600 communities nationwide, the Alzheimer's Association Walk to End Alzheimer's® is the world's largest event to raise awareness and funds for Alzheimer's care, support and research. This inspiring event calls on participants of all ages and abilities to reclaim the future for millions!

Sheboygan Senior Community Staff will be participating in this year's walk in Sheboygan on September 10<sup>th</sup>. Please sign up to walk with our team with Dana at:

[delmzen@retiresheboygan.com](mailto:delmzen@retiresheboygan.com)

We need YOUR help to design a T-Shirt for the SSC Staff participants to wear in The Alzheimer's Walk in September! All staff is encouraged to participate!  
deadline for submission is:

**Wednesday, August 10th. See Dana for contest rules and any questions.**

Please submit designs to Dana at:

[delmzen@retiresheboygan.com](mailto:delmzen@retiresheboygan.com)

ALZHEIMER'S  
DISEASE  
IS A GLOBAL  
EPIDEMIC.

**44 MILLION WORLDWIDE**

Worldwide, at least 44 million people are living with dementia.

**604 BILLION USD PER YEAR**

The annual global cost of dementia is \$604 billion in U.S. dollars.

**2030: 76 MILLION PEOPLE**

The number of people living with dementia worldwide is set to skyrocket to 76 million by 2030.

The residents had a great time making **firework crafts** (below) for the 4<sup>th</sup> of July. They used different colored paints and cut up paper towel rolls to create the colorful firework effect. They turned out wonderfully.

**Ducky Bingo** (above) was quite a turn out!

The residents had a lot of fun with Miss Duck, from Ducktona in Sheboygan Falls, as our guest caller for the day. Bingo winners received a little rubber ducky at the end of the game. We were all "quacking" up.

# Thank You

We want to send out a **special thank you** to all the **staff, family** and **residents** that helped out with our recent bake sale. Without your help, we would not have had the huge success that we did. Look for the new chairs and tables that have been distributed throughout the property.

We also want to send out a **huge** thank you to all the people that have donated to the **Music and Memory** program! If you know of anyone who wants to **donate** any of their old **iPad's or iPod's**, please send them to Melissa or Dana in Life Enrichment. For more information on Music and Memory and how it benefits residents – checkout the website: <http://musicandmemory.org>

## Staff Spotlight

Most of you probably recognize Carolyn from her bright, smiling face while she works in the café. She chose to work at SSC because she lives a few miles down the road and witnessed the construction on the new building. When she found out what the building was going to be, she jumped on the opportunity and applied. She has been working at SSC in Dietary Services for 11 months now. Carolyn has her degree in nutrition, so this job allows her to use the skills that she learned with practical applications. Her favorite part of the job is seeing all of the residents and interacting with her coworkers. Carolyn loves working with people.

She is originally from the northwest suburbs of Chicago. She moved up here about 9 years ago with her family when her husband took a job with Kohler. One interesting fact about her is, despite her fear of heights, she has gone sky diving and thought it was such an adrenaline rush. In her free time, she loves going shopping with her daughter and tending to her vegetable garden and flowers.

## Resident Spotlight

Mary, one of our residents from Oak, was born and raised in the Sheboygan area and has lived here her whole life. Mary attended Central High School in Sheboygan when it was still located downtown.

Soon after high school, Mary started working at a company in town called Koepsell. Here, she did many different jobs. Mary often worked on computers and enjoyed them because they were so simple to use. Computers came easy for Mary because she learned to type right out of high school.

In her free time, she really enjoyed swimming in Lake Michigan and visiting her mom because she lived right down the road from her. When she wasn't doing those two things, Mary really enjoyed baking – especially cookies and cakes. One thing you might not know about Mary is that she is very humorous and she enjoys making people laugh.
